Customer Group – GENERAL

The screenshot shows the 'General' Customer Group configuration page in the Magento Admin. The breadcrumb trail is 'General > Customer Group'. The page has a navigation bar with 'Back', 'Reset', and 'Save Customer Group' buttons. The 'Group Information' section contains a 'Group Name' field with the value 'General' and a 'Tax Class' dropdown set to 'Retail Customer'. A red box highlights the 'Disallowed Payment Methods' section, which features a 'Payment Methods' dropdown menu. The menu is open, showing a list of payment methods: Bank Transfer Payment (banktransfer), Cash On Delivery (cashondelivery), Check / Money order (checkmo), Credit Card (payflow_advanced), Credit Card (payflowpro), Credit Card (payflow_link), Credit Card (Braintree) (braintree), Credit Card Direct Post (Authorize.net) (authorizenet_directpost), No Payment Information Required (free), and PayPal (Braintree) (braintree_paypal). Below the list is a note: 'Select multiple payment methods from given list that you dont want to show with this customer group in checkout.'

Then Product add to checkout and go to payment method step and check to "NOT LOGGED IN" customer group so "Cash On Delivery" payment method not Showing.

The screenshot shows the checkout process at the 'Review & Payments' step. The progress bar indicates that 'Shipping' is complete and 'Review & Payments' is the current step. The text 'NOT LOGGED IN CUSTOMER' is displayed in red. The 'Payment Method:' section shows two options: 'Bank Transfer Payment' and 'Check / Money order'. An arrow points to the 'Check / Money order' option with the text 'Cash on delivery method hide'. Below the payment methods is an 'Apply Discount Code' dropdown. On the right, the 'Order Summary' box displays: 'Cart Subtotal \$25.00', 'Shipping Flat Rate - Fixed \$5.00', 'Order Total \$30.00', and '1 Item in Cart'.

And "GENERAL" customer group so "Check Money Order" payment method not Showing.
