

# Sidebar Category

## Installation:

This section outlines the steps to install the Sidebar Category plugin for the first time.

Note: [MAGENTO] refers to the root folder where Magento is installed.

1. Download the Sidebar Category plugin - Available as a .zip or tar.gz file.
2. Unzip the file
3. Copy the 'SWT' folder to: [MAGENTO]/app/code/
4. Open Command Line Interface
5. In CLI, run the Magento setup upgrade:  
  
`php bin/magentosetup:upgrade`
6. In CLI, run the Magento Dependencies Injection Compile:  
  
`php bin/magento setup:di:compile`
7. In CLI, run the Magento Static Content deployment:  
  
`php bin/magento setup:static-content:deploy`

8. Login to Magento Admin and navigate to System/Cache Management.
9. Flush the cache.
