

Cookies Notice

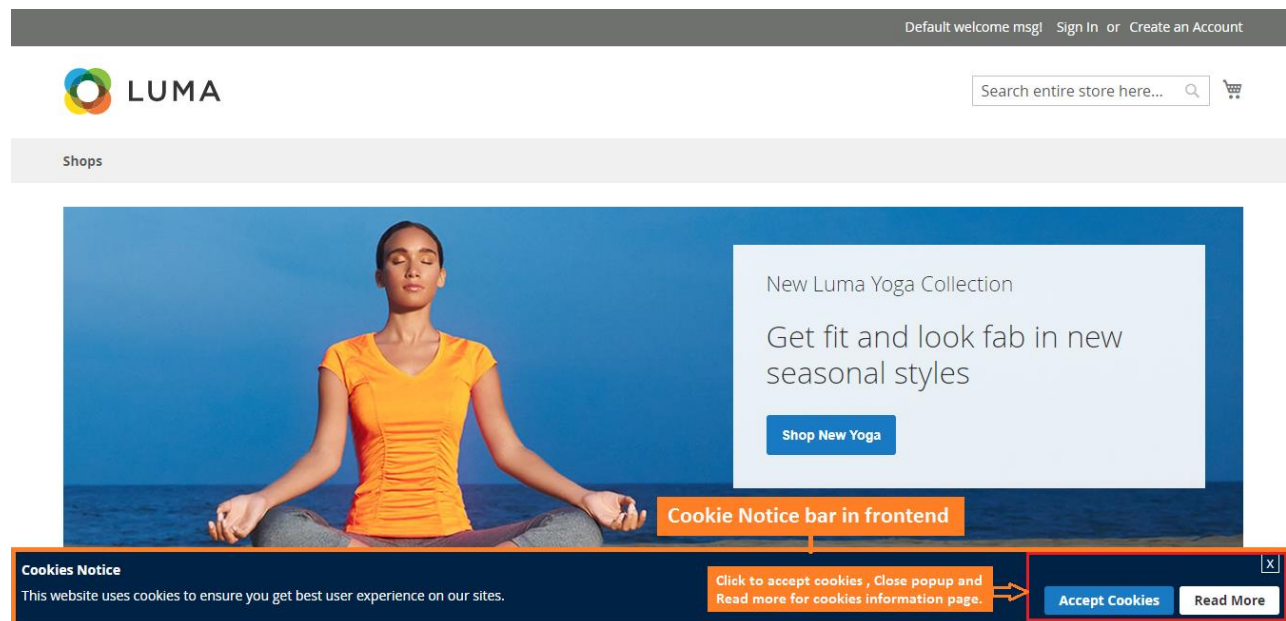

Introduction

Cookie Notice extension for magento2 allows store owners to display cookie notification in the popup window to accept the cookie used by your website.

It is used to create a unique cookie notice and activate it on the frontend to read the privacy policy and grant their acceptance for the cookie policy.

Displayed In Frontend:

The cookie notice bar will be displayed on the frontend like this:

How to Configure:

Login to Admin:

Admin → Stores → Configuration

Under the SWT → Cookie Notice → Configuration

Configuration

Configuration

Enable <small>[store view]</small>	<input type="text" value="Yes"/>
Version 1.0.5	
Auto Hide Message (seconds) <small>[store view]</small>	<input type="text" value="5"/>
Value must be greater than 0, leave blank will turn off auto hide.	
Position <small>[store view]</small>	<input type="text" value="Bottom Left"/>

Enable – You can enable/disable extension

Auto Hide Message (seconds) – Enter a number to set the duration that the cookie notice is displayed. When the time is over, the notification is hidden automatically.

Position – Select an option (Bottom Left, Top Left, Bottom Right, Top Right) to set the position of the notice bar to be shown in your website pages.
