Admin -> Product -> Categories .

Select any catgory and showing the "Featured Category " tab.

- 1. Enable to Yes.
- 2. Upload Image.
- 3. Enter the Position (ex. 0,1).

## CMS Page and Static Blocks in call featured category so this code copy

```
:
```

```
{{block class="SWT\FeaturedCategory\Block\Featuredcategory"
template="SWT_FeaturedCategory::featuredcategory.phtml"}}
```

## Template File in call so copy this code :

```
<?php echo $this->getLayout()-
>createBlock("SWT\FeaturedCategory\Block\Featuredcategory")-
>setTemplate("SWT_FeaturedCategory::featuredcategory.phtml")-
>toHtml(); ?>
```

Cache Refresh and open the frontend.
